

Dogs Aboard

Tony, Carmela & Craig's day on the water

Three dogs, one pontoon, four hours. Well-behaved dogs are explicitly welcome on this rental — good news for the crew.

Marina's dog policy

- Dogs are welcome aboard the pontoon.
- A cleaning fee applies for excessive shedding, accidents, or any damage to the boat — worth a towel-down before boarding and a couple of old towels on hand.
- On marina property (not on the boat itself), pets must be leashed at all times.

Pack it for the dogs

- Fresh water + a collapsible bowl (lake water isn't for drinking)
- Towels — for wet-dog toweling before they hop back on the deck, and for the cleaning-fee insurance
- Leashes for the marina/dock (required there even if they're loose on the boat)
- Dog life jackets if any of the three haven't spent much time on a boat — the marina's provided jackets are for people human sizing, not dog sizing, so bring your own if wanted
- Treats and a favorite toy that floats, in case of an accidental swim
- Poop bags for the dock area

If any of the three haven't been on a boat before, let them get used to the gentle rock at the dock before you're underway — much easier than a first boat experience at cruising speed.
